DETAILED ACTION

1. This is response to the amendment filed on December 14, 2004. Claims 1-22 have been canceled. New claims 23-29 have been added. Because the newly submitted amendment overcomes all outstanding rejections in the recently mailed Office action on December 17, 2004, **the Office Action mailed on December 17, 2004 is vacated.**
2. Claims 23-30 are allowed.

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance: The claimed invention is drawn to an unexpected result of an isolated mutated HCV polynucleotide and a transfected Huh-7 cell line (ATCC Accession No. PTA-2486) comprising the unique HCV polynucleotide sequence of SEQ ID NO: 4. An HCV replicon comprising the particular sequence of SEQ ID NO: 4 can replicate well in the transfected host Huh-7 cell line without significant influence of the cell proliferation. No prior art teaches or suggests the particular mutated HCV polynucleotide. The supplemental amendment and declaration submitted have been acknowledged and entered on December 14, 2000. The outstanding rejections are moot in view of the amendment and declaration. The application is in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Bao Qun Li whose telephone number is 571-272-0904. The examiner can normally be reached on 7:00 am to 3:00 pm.
